RE: Extension of Deadlines for Consultant Hire and Work Plan Submittal, Shorewood
Queensway Cleaners Facility, 4300 Oakland Avenue, Shorewood, WI, BRRTS # 02-41-
552089, FID # 241094590

Dear Ms. Stovall:

On August 1, 2008, the WDNR sent Ms. Shirley Carlson, owner of Shorewood Queensway Cleaners, a letter requiring she hire a consultant and submit a work plan for an environmental investigation at her property. There were deadlines of 30 days and 60 days from the date of the letter in the WDNR correspondence.

Ms. Carlson is initiating the steps to complete these tasks, and is planning to participate in the Drycleaner Environmental Response Fund (DERF) that is administered by the WDNR. As you are probably aware, DERF has requirements to obtain three consultant proposals prior to hiring a consultant, and it takes time to obtain proposals from three qualified firms. There are also financial arrangements to address, and these things can take some time.

Ms. Carlson will be hiring a consultant and submitting a Work Plan, but it is more likely the consultant hiring process will be completed sometime in October, with the Work Plan to follow in November or December 2008.

I trust this information meets your needs.

Sincerely,

Ken Ebbott, P.G.
Director of Remediation Services

Cc: Ms. Shirley Carlson, Shorewood Queensway Cleaners, 4300 Oakland Avenue, Shorewood, WI 53211
