Subject: PFAS Sampling, OHM Holdings - Elm Grove (BRRTS #02-68-552102)

Mr. Cass:

On October 24, 2023, the DNR reviewed the “PFAS Sampling Update” report prepared by Enviroforensics, dated September 26, 2023, for the former One Hour Martinizing site at 13405 Watertown Plank Road, Elm Grove, WI. Based on the per- and poly-fluorinated alkyl substances (PFAS) groundwater sampling results presented in the report, the DNR considers the PFAS sampling complete and no additional sampling is required at this time.

Please contact me if you have any questions.

Best Regards,
Greg
