SUBJECT: DERF budget request approval, former Laundry Land
1131 N. Sherman Ave., Madison
BRRTS # 02-13-552183

Dear Mr. Roth:

SCS Engineers submitted a Dry Cleaner Environmental Response Program budget request (DERF Change Order No. 8) on behalf of the Northgate Partnership on January 21, 2020. Your budget request is approved. Please proceed with the proposed work without delay.

The proposed work is:

- Installation of a vapor mitigation system and its electrical hookup in the former Laundry Land unit of the Northgate shopping center (1131 N. Sherman Avenue, currently occupied by Dream Bikes)
- Management of any waste materials
- Installation of sub-slab vapor pins to test mitigation system effectiveness
- Two rounds of monthly vacuum measurements
- appropriate notifications of results to tenants and owners (please be certain to have Alexander Company send me copies of their notifications to tenants)
- reporting to DNR

The cost approved for this work is \$33,062. SCS has calculated that the total approved budget, including costs approved today, is \$447,418.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, and hazardous waste management and wastewater discharge rules.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.

I would appreciate you letting me know when you schedule the field work. If you have any questions, please contact me at 608-275-3257 or cynthia.koepke@wisconsin.gov.

Sincerely,

Cynthia L. Koepke, P.G.
