Dan Martino
Martino's Master Dry Cleaners
7513 41st Avenue
Kenosha, WI 53142

Dear Mr. Martino:

Subject: Status update request, Martino's Master Dry Cleaners, 3917 52nd Street, Kenosha, file reference FID #230007030, BRRTS #0230552186.

The department has not heard from you regarding your progress to remediate this site since 2008. In July of 2008, the department received an assessment from Giles Engineering Associates, Inc. that documented a release of dry-cleaning solvent and its breakdown products to the soil under the floor slab of the building and underground just outside and south of the building.

I approved your selection for an environmental consultant for your site investigation, Terracon, and you should be eligible for re-imburement under Wisconsin's DERF, Drycleaner Environmental Repair Fund. Please have your consultant send me a letter regarding your schedule of site investigation work, or when you anticipate submittal of your site investigation report if the work has been done.

If you have any questions about this letter, please call me at 920-892-8756 extension 3023.

Sincerely,

John Feeney
Wisconsin Department of Natural Resources
