Dan Martino
Martino's Master Dry Cleaners
7513 41st Avenue
Kenosha, WI 53142

Dear Mr. Martino:

Subject: Status update request, Martino's Master Dry Cleaners, 3917 52nd Street, Kenosha, file reference FID #230007030, BRRTS #0230552186.

The department has recently completed a file audit in order to identify any cases that may pose a potential vapor intrusion risk. This case came up on my audit as worrisome due to the proximity of residential housing and adjacent shops, and because the extent of contamination is unknown. Please submit a report or a brief summary of any work done since we received the 2008 Phase II assessment of the site that revealed soil contaminated with PCE under the floor slab of the building and in soil outside. In 2009 I approved your selection of Terracon for the site investigation work.

If no further investigation has been done, please have your consultant send me a letter regarding your schedule of site investigation work, or when you anticipate submittal of your site investigation report if the work has been done.

If you have any questions about this letter, please call me at 920-892-8756 extension 3023.

Sincerely,

A handwritten signature in black ink, appearing to read 'John Feeney'.
