Dear Mr. Kratzke:

The Department has received a change order to conduct additional investigation at the above-referenced site. A workplan and cost estimate dated September 13, 2010 was submitted on your behalf by Chris Hatfield, Bonestroo. The proposed change order was submitted in response to my email dated September 13, 2010 which outlined additional information required at the site prior to the Department's consideration of site closure. The tasks proposed in the change order include collecting additional groundwater samples for analysis and collecting sub-slab vapor samples. The proposed change order is approved and you may proceed with the work.

Cost approved for this site investigation change order is \$4,665 for consulting and \$1,369 for sub-contractors, for a total of \$6,034. The total costs approved to date for this site is \$15,435.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.

If you have any questions regarding the content of this letter, please call me at (414) 263-8533.

Sincerely,

Nancy D. Ryan, Hydrogeologist
