Subject: Case Status

Joslin called to speak with Rodger who was out on vacation. Spoke to Rosie who is office manager. Joslin gave Rosie contact information and asked that Rodger contact as soon as he returns about status of case. Rosie indicated that Rodger is working with a company "Policy Find" where they might have identified an insurance policy that can be used to continue with the investigation of this site. Rosie will pass contact information to Rodger Monday and have him call me.
