Subject: Request for Status Update
Carriage Cleaners Site, 3707 W Loomis Road, Greenfield, Wisconsin
WDNR FID #241487180; BRRTS # 02-41-552212

Dear Mr. Butz:

On August 29, 2008, you were notified by the Wisconsin Department of Natural Resources (WDNR) of your responsibility to investigate and, as needed, clean up contamination located at the above-referenced property. As the responsible party of this property you have certain legal responsibilities to take actions to restore the environment to the extent practicable as outlined in Section 292.11(3), Wisconsin Stats., also known as the hazardous substances spill law.

Our files indicate that the last written correspondence for this case was an "Approval of Revised Additional Budget Request" letter dated August 24, 2011. The letter approved the proposed change order and the proposed work activities may proceed. The DNR has since received no further information. In order to get this case back on track towards remediation and, ultimately, closure, have your consultant prepare and submit documentation on the current status and planned actions for this case. Please have this information submitted within 30 days, April 30, 2015.

Forward the requested information and all future correspondence to:

Ms. Victoria Stovall, Remediation and Redevelopment Program, Wisconsin Department of Natural Resources
2300 N. Dr. Martin Luther King, Jr. Drive, Milwaukee, WI 53212

Correspondence should include the "Subject" name and file reference numbers listed above.

If you have questions regarding this letter or the open contamination case, please contact me at (414) 263-8524 or by email at trevor.nobile@wisconsin.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'Trevor Nobile'.

Trevor Nobile, P.G., CPG
Hydrogeologist
Remediation & Redevelopment Program
