

November 19, 2015

Mr. Paul Zuege
Dry Cleaners Etc.
E7638 Ostrander Rd
New London, WI 54961

SUBJECT: Approval of Change Order No. 1, For the Site Investigation at Dry Cleaners Etc.,
103 E Cook Street, New London, Wisconsin
WDNR BRRTS # 02-69-552218

Dear Mr. Zuege:

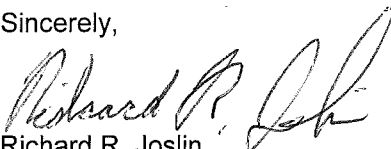

Your proposed change order is approved. You may proceed with the proposed work. The Wisconsin Department of Natural Resources (Department) received the proposal titled Status Report and Change Order No. 1 Request prepared by Scott Hodgson of Terracon Consultants, Inc. and submitted on your behalf on November 9, 2015.

The change order was requested for the costs associated with additional site investigation activities proposed to delineate the magnitude and extent of the chlorinated volatile organic compounds (CVOCs) at the site. The proposed activities will assess the degree and extent of soil and groundwater contamination, assess vapor intrusion, and assess sanitary sewer structural integrity. The proposed activities also include investigative waste coordination and disposal as well as summarizing activities and results in a report for Department review. Cost approved for this change order is \$24,247 for consulting and \$6,786 for sub-contractor services, for a total of \$31,033. The total costs approved to date for this site is \$65,277.50.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges. This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.

If you have any questions regarding the content of this letter, please contact me at (920) 662-5165 or Richard.Joslin@wisconsin.gov.

Sincerely,

Richard R. Joslin
Hydrogeologist
