Dear Mr. Linskens:

Terracon Consultants, Inc. (Terracon) is pleased to submit the enclosed Drycleaner Environmental Response Fund (DERF) Limited Site Investigation Scoping Report for the above-referenced site. This assessment was performed in accordance with our proposal dated August 7, 2008.

A. PROJECT INFORMATION

The property is a former dry cleaning facility with one existing dry cleaning machine and other drying cleaning equipment located inside the building located at the above-referenced address (hereinafter, the site). The site is situated in the Southeast $\frac{1}{4}$ of the Northeast $\frac{1}{4}$ of Section 21, Township 21 North, Range 28 East (Figure 1).

B. SCOPE OF SERVICES

At your request, the following scope of services was performed in response to the upcoming DERF sunset date of August 30, 2008.

A total of two hand auger soil boring were advanced at the site on August 13, 2008. Soil boring HA-1 was advanced adjacent and east of the existing dry cleaning machine, which is located in the north-central portion of the building and where a former drycleaning machine was historically located. Soil boring HA-2 was advanced adjacent to the western exterior wall of the building to assess an area where dry cleaner wastes were disposed in a dumpster. The borings were advanced to a depth of approximately 8 feet below ground surface (bgs) or refusal using a 2-inch diameter hand auger. The locations of the borings are generally depicted on the attached Figure 2. Photographs of the boring locations are also attached.

Soil samples were collected continuously to document stratigraphy, color, and relative moisture content. In addition, discrete samples were field-screened at approximate 1-foot intervals using

a photoionization detector (PID) to detect the presence of volatile organic compounds (VOC). The soil borings consisted primarily of brief layer of sand underlain by clay and silt to the boring terminus. Soil boring logs with the PID readings are attached.

Sampling equipment was cleaned using an Alconox® detergent wash and potable water rinse prior to commencement of the project and between collection of each sample. Following completion of sampling activities, the borings were abandoned in accordance with NR 141, Wisconsin Administrative Code. The abandonment forms are attached.

Sampling Program

Terracon's soil sampling program consisted of the following:

Terracon collected one soil sample from the interval exhibiting the highest PID response for laboratory analysis of VOC. Soil was submitted for laboratory analysis from the sample collected from approximately 1 foot bgs in HA-1 and from approximately 3 feet bgs in HA-2.

The soil samples were collected and placed in laboratory-prepared containers, labeled, and placed on ice in a cooler. The samples and completed chain-of-custody forms were transported to a Wisconsin-certified laboratory for VOC analysis by SW-846 Method 8260B on a one-week turnaround time basis.

The soil results are summarized on the attached Table 1.

C. RESULTS/DISCUSSION AND RECOMMENDATIONS

The laboratory results confirm soil at the site has been impacted with tetrachloroethene (a.k.a. perchloroethene (PCE) or "perc"). Based on this confirmation, Terracon recommends and will assist you with the following:

- Reporting the release to the Wisconsin Department of Natural Resources (WDNR) by submitting form 4400-225 (attached) along with this report; and
- Preparation of WDNR Form 4400-210 to notify WDNR of your intent to request reimbursement from the DERF (attached).

Upon receipt of the WDNR response indicating that your case is eligible for the DERF, you should request proposals for investigation of your site from at least three qualified consultants as required by the DERF. DERF requires you to review a minimum of three bids to allow you to compare experience, qualifications, costs, or other factors you consider important. The DERF program will reimburse for services provided by your consultant even if they were not the lowest bidder, provided the costs are reviewed and approved in advance of the work. The intent of this provision is to allow you to select the best consultant based on all factors, not just cost. After

you have selected your consultant, you will need to work with your consultant and WDNR to manage the investigation of your site in such a way that fits your cash flow and allows you to be reimbursed by the DERF in a timely fashion.

D. GENERAL COMMENTS

The analysis and opinions expressed in this report are based upon data obtained from the borings and laboratory chemical analysis at the indicated locations or from other information discussed in this report. This report does not reflect variations in subsurface stratigraphy, hydrogeology, and contaminant distribution, which may occur across the site. Actual subsurface conditions may vary and may not become evident without further assessment.

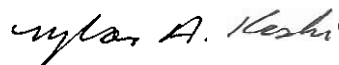

This report is prepared for the exclusive use of our client for specific application to the project discussed and has been prepared in accordance with generally accepted environmental engineering practices. No warranties are intended or made. In the event any changes in the nature or location of suspected sources of contamination as outlined in this report are observed, the conclusions and recommendations contained in this report shall not be valid unless these changes are reviewed and the opinions of this report are modified or verified in writing by Terracon.

We appreciate the opportunity to perform these services for you. Please contact us if you have questions regarding this information or if we can provide any other services.

Sincerely,

Devon E. Davia
Environmental Scientist

Mylan A. Koski, P.E.

Notification For Hazardous Substance Discharge (Non-Emergency Only)

Emergency Discharges / Spills should be reported via the 24-Hour Hotline: 1-800-943-0003

Notice: Hazardous substance discharges must be reported immediately according to the "Spills Law", s. 292.11 Wis. Stats., Section NR 706.05(1)(b), Wis. Adm. Code, requires that hazardous substance discharges are to be reported by: telephoning the Department (toll free Spill Hotline number above), telefaxing a report to the Department, e-mailing or visiting a Department office in person. If you choose to notify the Department by telefax, you should use this form to be sure that all necessary information is included. However use of this form is not mandatory. Under s. 292.99, Wis. Stats., the penalty for violating the reporting requirements of ch. 292 Wis. Stats., shall be no less than \$10 nor more than \$5000 for each violation. Each day of continued violation is a separate offense. It is not the Department's intention to use any personally identifiable information from this form for any purpose other than program administration. However, information submitted on this form may also be made available to requesters under Wisconsin's Open Records Law (ss. 19.31 – 19.39, Wis. Stats.).

Confirmatory laboratory data should be included with this form, to assist the DNR in processing this Hazardous Substance Release Notification.

Complete this form. **TYPE or PRINT LEGIBLY.** NOTIFY appropriate DNR region (see next page) **IMMEDIATELY** upon discovery of a potential release from **(check one)**:

- Underground Petroleum Storage Tank System
 Aboveground Petroleum Storage Tank System
 Dry Cleaner Facility (DERP eligibility based on: Facility owner/operator Property owner of licensed facility)
 Other - Describe: _____

ATTN DNR: **R & R Program Associate**

Date DNR Notified: _____

1. Discharge Reported By

Name Mylan Koski	Firm Terracon Consultants, Inc.	(Area Code) Phone Number (920) 993-9096
Mailing Address 3011B East Capitol Drive, Appleton, Wisconsin 54911		E-mail Address makoski@terracon.com

2. Site Information

Name of site at which discharge occurred. Include local name of site/business, not responsible party name, unless a residence/vacant property. Sandie's Dry Cleaners and Laundry

Location: Include street address, not PO Box. If no street address, describe as precisely as possible, i.e., 1/4 mile NW of CTHs 60 & 123 on E side of CTH 60.

513 Grand Avenue, Little Chute, Wisconsin

Municipality: (City, Village, Township) Specify municipality in which the site is located, not mailing address/city.

Village of Little Chute

County: Dane	Legal Description: SE 1/4 NE 1/4 Sec 21 Tn 21N Range 28	WTM: X 654389 Y 424264
-----------------	--	---------------------------

3. Responsible Party (RP) and/or RP Representative

Responsible Party Name: Business or owner name that is responsible for cleanup. If more than one, list all. Attach additional pages as necessary.

David Linskens

- Reported in compliance with s. 292.11(2), Wis. Stats., by a local government exempt from liability under s. 292.11(9)(e), Wis. Stats. For more information see http://dnr.wi.gov/org/aw/rr/liability/muni_1.html.

Contact Person Name (if different) David Linskens	Phone Number (920) 209-2823	E-mail Address	
Mailing Address 1687 Princeton Place #5	City Green Bay	State WI	ZIP Code 54302

(continued)

4. Hazardous Substance Impact Information

Identify hazardous substance discharged (check all that apply):

METALS

- Arsenic
- Chromium
- Lead
- Mercury
- Metals (specify): _____

INDUSTRIAL CHEMICALS

- Ammonia
- Cyanide
- Paint
- PCB's
- VOC's
- Leachate
- RCRA Hazardous Waste

PETROLEUM

- Diesel/Fuel Oil
- Engine Oil/Waste Oil
- Mineral/Transmission/Hydraulic Oil
- Gasoline (Pb/Non-Pb/Unknown)
- Jet Fuel/Kerosene
- MTBE
- VOC's
- PAH's/SVOC
- Petroleum-Unknown Type

SOLVENTS

- Solvent-Chlorinated
- Solvent-Non Chlorinated
- PERC
- VOC's

AG CHEMICALS

- Fertilizers
- Pesticide/Herbicide/Insecticide(s)

OTHER

- Unknown
- Other (specify): _____

5. Impacts to the Environment Information

Enter "K" for known/confirmed or "P" for potential for all that apply.

- Air Contamination
- Co-Contamination
- Concrete/Asphalt
- Contained/Recovered
- Contamination Within 1 Meter of Bedrock
- Contaminated Private Well
- Contaminated Public Well
- Contamination in Fractured Bedrock
- Contamination in Right of Way
- Direct Contact
- Expanding Plume
- Fire Explosion Threat
- Free Product
- Groundwater Contamination
- Off-Site Contamination
- Other (specify): _____
- Sanitary Sewer Contamination
- Soil Contamination
- Storm Sewer Contamination
- Surface Water Contamination
- Within 100 ft of Private Well
- Within 1000 ft of Public Well

Contamination was discovered as a result of:

- Tank closure assessment
 - Site assessment
 - Other - Describe
- Date: _____ Date: Aug 13, 2008 Date: _____

6. Federal Energy Act Requirements (Section 9002(d) of the Solid Waste Disposal Act (SWDA))

For all UST's please provide the following information:

Quantity	Source	Quantity	Cause
___	Tank	___	Spill
___	Piping	___	Overfill
___	Dispenser	___	Corrosion
___	Submersible Turbine Pump	___	Physical or Mechanical Damage
___	Delivery Problem	___	Installation Problem
___	Other (specify): _____	___	Other (does not fit any of above)
___		___	Unknown

Lab results: Lab results will be faxed upon receipt Lab results are attached

Additional Comments: Include a brief description of immediate actions taken to halt the release and contain or cleanup hazardous substances that have been discharged.

Contact information to report non-emergency releases in DNR's five regions are as follows:

Northeast Region (FAX: 920-662-5197); Attention -- R&R Program Associate: DNRRRNER@wisconsin.gov Submit Form to NER

Brown, Calumet, Door, Fond du Lac (except City of Waupun - see South Central Region), Green Lake, Kewaunee, Manitowoc, Marinette, Marquette, Menominee, Oconto, Outagamie, Shawano, Waupaca, Waushara, Winnebago counties

Northern Region (FAX: 715-623-6773); Attention -- R&R Program Associate: DNRRRNOR@wisconsin.gov Submit Form to NOR

Ashland, Barron, Bayfield, Burnett, Douglas, Forest, Florence, Iron, Langlade, Lincoln, Oneida, Polk, Price, Rusk, Sawyer, Taylor, Vilas, Washburn counties

South Central Region (FAX: 608-275-3338); Attention -- R&R Program Associate: DNRRRSCR@wisconsin.gov Submit Form to SCR

Columbia, Dane, Dodge, Fond du Lac (City of Waupun only), Grant, Green, Iowa, Jefferson, Lafayette, Richland, Rock, Sauk counties

Southeast Region (FAX: 414-263-8550); Attention -- R&R Program Associate: DNRRRSER@wisconsin.gov Submit Form to SER

Kenosha, Milwaukee, Ozaukee, Racine, Sheboygan, Walworth, Washington, Waukesha counties

West Central Region (FAX: 715-839-6076); Attention -- R&R Program Associate: DNRRRWCR@wisconsin.gov Submit Form to WCR

Adams, Buffalo, Chippewa, Clark, Crawford, Dunn, Eau Claire, Jackson, Juneau, LaCrosse, Marathon, Monroe, Pepin, Pierce, Portage, St. Croix, Trempealeau, Vernon, Wood counties

Dry Cleaner Environmental Response Program Potential Claim Notification

Form 4400-210 (R 9/03)

Page 1 of 2

Notice: Use this form to notify the Department of Natural Resources of the potential to submit a reimbursement application to the Dry Cleaner Environmental Response Program (DERP). This form is authorized under s. 292.65, Wis. Stats. and ch. NR 169, Wis. Adm. Code. Completion of this form is mandatory for any person applying for reimbursement from the DERP. Persons who do not submit a completed form will not be eligible for reimbursement under DERP. Personal information will be shared with the Wisconsin Department of Revenue to determine eligibility for DERP claims and for DERP program administration. Information will also be made available to requesters under Wisconsin's Open Records laws (ss. 19.32-19.39, Wis. Stats.) and requirements.

Notification of a potential claim is required prior to conducting a site investigation or any remedial action activity under s. 292.65(4), Wis. Stats. For facilities in operation after October 14, 1997, include the Wisconsin Department of Revenue Dry Cleaning License Number issued under s. 77.996, Wis. Stats. "Dry cleaning facility" means a facility for dry cleaning apparel or household fabrics for the general public. See s. 292.65(1)(d), Wis. Stats., for legal definition.

Complete the following information and submit it to your DNR regional project manager. Copy this form as necessary.

Eligibility Information

Was there a release of dry cleaning product from a dry cleaning facility? Yes No

Date Department Notified of Release: _____ Notification Method: Telephone FAX Written Affected Media (select all that apply): Soil Groundwater Surface Water

Applicant: owns operates operated subsidiary/parent corporation property owner of licensed facility

Does your proposed cleanup site have an operating dry cleaning machine? Yes No

Date Your Ownership/Operation Started: 12-17-72 / STARTED 1957 For Closed Facilities, Date Last Load Processed: 2-15-03 APPROX

If Operated After 10/14/97, Wisconsin Department of Revenue Dry Cleaning Facility License No. DC196762 If Dry Store, Date Equipment Removed From Site: _____

Applicant Information

Owner/Operator Name: DAVID G LINSKENS Company Name: SANDIES DRY CLEANERS & LAUNDRY

Mailing Street Address and PO Box: 1687 PRINCETON PL #5 E-Mail Address: _____ Federal Employer ID Number (FEIN): 39-1172679 191100

City: GREEN BAY State: WI ZIP Code: 54302 Telephone Number: 920-469-0683 Fax Number: 920-288-0122

Are there any other responsible persons associated with the cleanup of this facility? Yes No If yes, check association for each:

Other Owner Property Owner of a Licensed Facility Other Owner Property Owner of a Licensed Facility

Operator Operator

Other Responsible Party: _____ Other Responsible Party: _____

Company Name: _____ Company Name: _____
