Dear Mr. Linskens:

In accordance with 292.81(2), Wis. Stats., you are hereby notified that the Wisconsin Department of Natural Resources (the "Department") is in the process of hiring a contractor to perform an environmental investigation both on and off your property at 513 Grand Avenue in Little Chute, Wisconsin, parcel number 260045700. The purpose of the investigation is to evaluate the degree and extent of contamination in all media originating from your property. Specifically, the investigation will evaluate the residual contamination remaining after the Removal Action and mitigation performed by the Environmental Protection Agency (EPA) in 2011 and 2012. At this time, the Department intends to proceed with the remainder of the work described above unless you take action **by August 13, 2012** to hire a qualified contractor to properly do the work described in this paragraph.

This letter is also to notify you that you could be held responsible for reimbursing the Department for the expenses that the Department incurs to do the work described in this letter, and that the Department may file a lien against the above-described property to recover the expenses that it incurs. Please note that this site is currently in the Dry Cleaner Environmental Response Program (DERP) and expenses eligible for reimbursement at this site under DERP may be excluded from cost recovery.

You should provide a copy of this notice to any other interested party. Please call me in Oshkosh at (920) 424-7887 or e-mail me at Jennifer.borski@wisconsin.gov with any questions.
