Subject: **Request for Contact by October 5, 2023**  
Sandies Dry Cleaners & Laundry (Former), 513 Grand Ave., Little Chute, WI  
DNR BRRTS #: 02-45-552222

Dear Mr. Linskens:

Enclosed are three letters written to the property owners adjacent to your property at 513 Grand Avenue in Little Chute and two fact sheets. The letters include important information on the status of your open environmental site as well as current health risk concerns for these neighboring properties.

- September 2023 Sub-slab Vapor Data at 505 Grand Avenue
- Vapor Abatement System at 505 Grand Avenue and Site Update
- Vapor Abatement System at <sup>513</sup>~~505~~ Grand Avenue and Site Update Address corrected 01-22-2024 JB
- What is Vapor Intrusion? PUB-RR-892
- TCE in the Air – P-02480

Due to the health risks from potential migration of vapors from the environmental contamination, it is important to confirm that the vapor mitigation systems at your property at 513 Grand Avenue installed by the Environmental Protection Agency in 2012 are continuing to operate. I would like to discuss options to confirm operation of these systems. We do not have a current phone number or email address for you and are only able to communicate this information by mail. **Please contact me by October 5, 2023 to discuss options to confirm operation of your vapor mitigation systems and better keep you updated on the status of this site.**

You can reach me by phone at **920-360-0853** or by email at [jennifer.borski@wisconsin.gov](mailto:jennifer.borski@wisconsin.gov).  
I look forward to talking with you soon.

Sincerely,

Jennifer Borski
