Zach,
Hope you are doing well. North Point Cleaners has officially contracted with Stantec for environmental services (starting with vapor intrusion investigation work at nearby utilities and adjoining property buildings) at the North Point Cleaners site (BRRTS No. 02-41-552236). We will begin homeowner access notifications/requests this week but depending on responsiveness, that process could take several weeks.

Do you need any further notification of this work or a work plan?

Let me know if this will suffice, thanks!

Joey Hahn, PE*

Environmental Engineer/Geologist
