November 3, 2020

Dear Mr. Dietrich:

O'Brien & Gere, Inc. of North America, part of Ramboll (OBG) submitted a revised version of the Remedial Action Work Plan for the Burnham Canal site on October 29, 2020 to address comments provided by the Wisconsin Department of Natural Resources (WDNR) in a letter dated October 14, 2020. This letter serves as an addendum to the October 29, 2020 Work Plan to provide the following additional information (*in italics*) associated with Section 8.2 Public Notice and Meeting:

Ramboll
234 W. Florida Street
Fifth Floor
Milwaukee, WI 53204
USA

T 414-837-3607
F 414-837-3608

8.2 Public Notice and Meeting

The WDNR has delegated mailing notice retirements under Section XXIV (D) of the Negotiated Agreement between Miller and the WDNR, to Miller for OBG to complete. OBG issued the mail notices on October 27, 2020 to owners of property adjacent to the Canal project area and associated truck hauling routes. The notice, area receiving the notices, and documentation of the mailing is provided in Appendix G.

In accordance with Section XXIV (D) of the Negotiated Agreement between Miller and the WDNR, an announcement of the commencement of construction activities was published in English in the October 16, 2020 edition of the Milwaukee Journal Sentinel and in Spanish in the October 22 – 28, 2020 edition of the El Conquistador Bilingual Newspaper.

At this time, the WDNR has advised Miller that a public meeting will not be required due to COVID 19 restrictions and low participation of past meetings by the public. If requested by the WDNR, a public meeting can be scheduled, in accordance with Section XXIV (D) of the Negotiated Agreement between Miller and the WDNR, during the project.

Todd Lewis
Project Manager

Mark D. Walter, PE
Project Engineer
