RE: **Request for TSCA Coordinated Approval**
Former Wabash Alloys Facility
9100 South 5th Avenue, Oak Creek, Wisconsin
EPA ID: WID045954641, WDNR BRRTS#: 02-41-553761

Dear Ms. Hedman and Mr. Ramanauskas,

On behalf of Connell Aluminum Properties, LLC (Connell), Natural Resource Technology, Inc. (NRT) is submitting this formal request for a TSCA Coordinated Approval in accordance with 40 CFR 761.77(c) for the PCB remediation activities at the former Wabash Alloys facility in Oak Creek, Wisconsin. Also, we are providing the information required under 40 CFR 761.77(a).

Based on the April 2, 2015 site visit and information provided at that time, both the Wisconsin Department of Natural Resources (WDNR) and USEPA provided concurrence with NRT's determination (on behalf of Connell) that the subject site would be considered a Type C site under the One Cleanup Program Memorandum of Agreement (MOA) dated November 2006 and WDNR PUB-RR-786, dated November 2014.

The EPA ID number that has been used and will continue to be used to track the facility is listed above. The cleanup would be led by the WDNR, in accordance with the MOA for a Type C site. The contact point for the WDNR is Mr. Eric Amadi, who can be reached at (414) 263-8639. Copies of the Site Investigation (SI) Report and the Remedial Action Options Report (RAOR), which is the proposed conceptual cleanup plan for the site, are attached. The SI Report and RAOR were prepared in accordance with Wisconsin Administrative Code Chapters NR 716, Site Investigations and NR 722, Standards for Selecting Remedial Actions, respectively. A Remedial Design Report in accordance with Chapter NR 724 will be prepared subsequent to review and approval of the RAOR, and provide specific details of the cleanup. Connell and NRT are aware of and will adhere to the TSCA PCB reporting and recordkeeping requirements at subparts J and K of Part 761.

Please do not hesitate to contact me should you have any questions regarding this request.

Sincerely,

NATURAL RESOURCE TECHNOLOGY, INC.

A handwritten signature in black ink, appearing to read "Julie A. Zimdars".
