Subject: RE: Request for Review Fees: Revised RAOR and Revised IAWP - Former Koppers Tar Plant & Wabash Alloys (BRRTS #: 02-41-553761) and City of Oak Creek Utility Corridor Lot 1 (BRRTS #: 02-41-561425), Oak Creek, WI.

Hi Mike (Noel):

DNR is not in receipt of the required technical assistance review fees for the revised RAOR and revised IAWP. See DNR's letter dated October 19, 2021 stating the following (emphasis added):

As Beazer is no longer paying a VPLE rate for DNR review, the DNR directs you to submit all submittals with appropriate review fees under the authority of Wis. Adm. Code § NR 728.06. All applicable submittals require fees in accordance with Wis. Adm. Code ch. NR 749 and all schedules should incorporate appropriate DNR review times as specified in applicable provisions of chs. NR 700-799. Failing to account for these requirements extends your violation of Wis. Stat. § 292.11(3) for failing to restore the environment and minimize harmful effects.

...

To ensure consistency, DNR directs you submit your RAOR incorporating these comments by November 19, 2021 with the appropriate fee. DNR will not review the submittals until receiving the required Wis. Adm. Code ch. 749 fee.

Please address this as soon as possible.

Thanks.

Eric

Eric –

On behalf of Beazer, attached is the *Revised Remedial Action Options Report* for the Former Koppers Tar Plant and Wabash Alloys Site. An electronic copy has also been uploaded to the WDNR's portal.

Let me know if you have any questions.
