Hi Tauren –

Sounds great. I appreciate it.

Have a good evening - Nicole

Hi Nicole,

I have looked over the work plan and have my internal peer review meeting scheduled for this Thursday. I don't see any issue with you moving forward with the proposed PFAS sampling on the outside wells next week. I can follow up again with you on Thursday after my meeting.

Regards,

We are committed to service excellence.

Hi Tauren –

I hope you had a nice Thanksgiving holiday.

I was watching the weather last night, thinking about upcoming field work. Do you see any issue with us completing the proposed PFAS sampling on the outside groundwater monitoring wells we proposed in the workplan next week? I know you may not be completely through the review of the workplan, but we'd like to sample the outside wells before a lot of snow fall.

Thanks, Nicole

Good morning Nicole,

I received the work plan through the RR Submittal Portal. It will be processed and uploaded to BRRTS once the fee is received. I will let you know if I have any questions once I have reviewed.

Thanks,

We are committed to service excellence.
