Yes, Tauren. I will be taking over this project from Rob. Not to worry I've had quite a bit of experience with this type of project. I will contact you tomorrow to chat briefly about it.

Good afternoon Wayne,

I was working with Rob Hoverman and Brian Kappen as the consultants for the above referenced site before they moved on to new jobs. Just reaching out to you to see if you know if Enviroforensics will still be the environmental consultant working on this site. I talked to Rob and he indicated I may be able to reach out to you to see if you know. I can also contact the responsible party Mike Jagemann as well.

Thanks,

We are committed to service excellence.
