Ok, very good. Just let me know what day/time works best for the both of you and I will accommodate. Have a good weekend, Tauren.

Hi Wayne,

DNR has no comments on the sampling proposed in the work plan. Josie Schultz and I do want to have a call with you to go over some questions/clarifications we have about the OM&M administrative documentation. Just wanted to give you a heads up I will look at scheduling a call the week after Thanksgiving.

Have a nice weekend,

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

Tauren R. Beggs

Subject: Jagemann Plating Work Plan

Hi Tauren:

I just submitted the work plan through the portal. I did not include a review fee, because the site investigations will likely go through multiple steps. If you see anything outstanding from your perspective, let me know. The only thing I did not include was paired sub-slab sampling with the proposed two indoor air sampling events to commission the HVAC/mechanical system. We will likely do a paired event towards the end of our post-remedial monitoring period to gain better insight into the concentrations of CVOCs in remaining sub-slab vapor.
