Dear Mr. Paul:

On November 10, 2011, the Wisconsin Department of Natural Resources received a report with fee prepared by Gannett-Fleming dated November 9, 2011 describing actions in response to the above spill incident. WDNR West Central Region Spill Coordinator Tom Kendzierski has reviewed the document and concurs that the environment has been restored to the extent practicable as provided in ch. NR 708.09, Wis. Adm. Code. Therefore, the immediate action in response to a release has been completed and the Department of Natural Resources is requiring no further action at this time.

We appreciate your efforts to protect and restore the environment at this site. If you have any questions regarding this No Further Action determination, please contact me in Eau Claire WI at 715 839 1604.

Sincerely,

Tom Kendzierski
