Subject: Monitoring Wells for Ahlgrimm Explosives Co Inc - Prill Area, BRRTS #02-45-558037

John,

I understand Scott contacted you yesterday following DNR's review of the *Site Investigation Report and Remedial Action Plan* and subsequent *Supplemental Site Investigation Report*. I am currently drafting the formal response to both submittals and Terracon's pointed questions. However, in an effort to give you as much lead time as possible prior to spring farming activities, this email is to formally communicate permission to abandon all monitoring wells installed for this case at this time (MW-1 thru MW-9 and PZ-1).

Let me know if you have any questions.

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
