KEY ENGINEERING GROUP, LTD.  
File No. 2306004

Dear Ms. Stovall:

This letter has been prepared in response to the Wisconsin Department of Natural Resources (WDNR) letter dated April 3, 2015 regarding the above reference site.

Please note that Mid America Steel Drum Company (Mid America) is working with Key Engineering Group, Ltd. (KEY) with respect to the reported release at the above site. KEY will be working together with Mid America to determine the next course of action to continue the site investigation.

Once we coordinate further activities at the site we will provide the WDNR with a project status update and a work plan as requested.

Please feel free to call me with any questions in the interim.

Sincerely,

KEY ENGINEERING GROUP, LTD.

Kenneth W. Wein  
President
