Subject: RE: Van Deurzen Cleaners Update BRRTS # 02-05-561974

Josie,

I am sending this e-mail to update you on the progress of Van Deurzen Cleaners. We performed the groundwater sampling of the "affected wells", vapor tested in the basement of Van Deurzen Cleaners, and vapor testing within the utilities. Steve, the neighboring property owner met with me when we were in the field, and is going to allow me to put a sub-slab vapor port in his basement. I will be doing that tomorrow. I just wanted to provide you an update and let you know this is moving forward. Hopefully all results are favorable and we can entertain closure.

Please let me know if you have any questions or need any further information. Thank you!

Subject: Van Deurzen Cleaners Update BRRTS # 02-05-561974

Good Morning Lynn,

I hope you're staying safe and healthy. I am touching base to see if there is any update for Van Deurzen Cleaners in De Pere. I received the NR 700 semi-annual report in the beginning of January that GEC was coordinating the installation of sampling points in the utilities corridor and additional groundwater monitoring.

Please let me know if this work has already been performed, or when it is planned for. Feel free to give me a call on my cellphone, 920-366-5685, if you would like to discuss.

Thank you,
Josie

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
