Dear Ms. Stovall,

On May 22, 2014 I was sent a letter written by your department regarding a property located at 2578 Wauwatosa Ave, Wauwatosa, WI 53213. I was cited as the responsible party for remediating the property of any possible contamination. On March 11, 2014 the County of Milwaukee took ownership of the property through a judgment issued by the Milwaukee County Circuit Court. The city of Wauwatosa was fully aware of any contamination on the property and I believe took ownership of the property from Milwaukee County in either April or May of this year. In accordance with Wis. Stats. § 292.11(3) and as owner of the property, the city of Wauwatosa should be recognized as the responsible party regarding any remediation.

Please call if you have any questions.

Sincerely,

Ronald L. Collison
