December 12, 2014

Directorate of Public Works

Mr. Marty Sellers  
Wisconsin Department of Natural Resources  
3550 Mormon Coulee Road  
La Crosse, Wisconsin 54601

Dear Mr. Sellers:

Please find the attached weight ticket copies for disposal of accumulated soils from Building 2960 at Fort McCoy on November 18, 2014. A total of 185.31 tons were removed from Building 2960 and disposed of at the La Crosse County Landfill.

An ink pen corrected Form 4500-168 has been attached with appropriate information and calculations.

A copy of this correspondence and associated documentation will also be forwarded to Mr. Tom Kendzierski, WDNR R&R Program, West-Central Region, PO Box 4001, Eau Claire WI 54702-4001 and Mr. Brian Kalvelage, WDNR Waste and Materials Management Program, West-Central Region, 3550 Mormon Coulee Rd, Lacrosse WI 54601.

If you have any questions, please call Craig Bartholomew at (608) 388-8453.

Sincerely,

A handwritten signature in cursive script, reading "Mandy J. Radloff", is positioned above the typed name.

Mandy J. Radloff  
Acting Environmental Division

REVISED FORM 4500-168 AND WEIGHT TICKETS

**NOTIFICATION TO TREAT OR DISPOSE OF  
PETROLEUM CONTAMINATED SOIL & WATER**  
Form 4500-168 2-98

This form is required by the Department of Natural Resources (DNR) to ensure that the remediation of petroleum contaminated soil and water is in compliance with NR 158, NR 500-540, NR 419 and NR 445, Wis. Adm. Code. Failure to comply with applicable statutes and administrative rules may lead to violations of chapters 285, 289, and 291, Wis. Stats. and may result in forfeitures of not less than \$10 or more than \$25,000 for each violation, pursuant to ss. 285.87(1), 291.97(1), and 299.97, Wis. Stats., or fines of not less than \$100 or more than \$150,000 or imprisonment for not more than 10 years, or both, pursuant to s. 291.97(2), Wis. Stats. Each day of a continuing violation constitutes a separate violation. Except for the remediation of virgin petroleum spills, this form needs to be submitted to the DNR 10 business days prior to the commencement of the remediation. Personally identifiable information found on this form is not intended to be used for any other purpose.

**DIRECTIONS:** 1) complete both sides of the form. 2) Have the responsible party sign the form. This signature certifies that the information on this form and in all supporting documents is accurate. 3) Submit the form with supporting documentation, lab reports and any maps to the appropriate Region Air Management Program at least 10 business days prior to the commencement of remediation. 4) Submit a copy of this form to the DNR project manager and retain a copy for your records.

### PART III - OTHER REMEDIATION METHODS (Attach Lab Reports and Calculations)

Proposing Other Remediation Method?  Yes    Method Name: \_\_\_\_\_

Attach a project description for other remediation methods including landspreading, passive aeration and bioremediation. At a minimum, the information submitted should include the following items (with any supporting lab reports and calculations):

- √ Address/Location of Remediation Site - Indicate if this location is in the 10-county area in Southeast Wisconsin and the distance to the nearest residence or business. Include a map or site plan if appropriate.
- √ Description of Remediation Method.
- √ Project Contact & Telephone Number.
- √ Anticipated Start-Up and Estimated Project Duration.
- √ Highest Estimated Hourly VOC Emissions.
- √ Highest Estimated Hourly and Annual Benzene Emissions.
- √ Emission Testing Methodology.
- √ Final Destination of Soil.
