All,

The Final GLLA Sediment Cleanup Documentation Report for the Howards Bay Project has been received from Arcadis and uploaded to the EPA SharePoint Site under the following folder:

Documents>USACE>GLLA Sediment Cleanup Documentation Report (FINAL REPORT)

Due to the file size, the appendices are broken out into separate files. As requested by the WDNR, the Certification Statement has been included and signed by the USACE Detroit District Chief of Engineering & Construction Division on .pdf page 3 of the main text document.

Thanks,
Sean
