Technical Assistance and Environmental Liability Clarification Request

Form 4400-237 (R 10/13)

Page 5 of 8

 Include a fee of \$700. Include a copy of any closure documents if a state agency other than DNR approved the closure.
Clarify the liability associated with a "closed" property - s. 292.55, Wis. Stats.
Use where an environmental discharge has or has not occurred, and applicant wants DNR determination that no further assessment or clean-up work is required. Usually this is requested after a Phase I and Phase II environmental assessment has been conducted; the assessment reports should be submitted with this form. This is not a closure letter.
❖ Include a fee of \$700.
No Action Required (NAR) [682] - s. NR 716.05
Include a fee of \$700 and an adequate summary of relevant environmental work to date.
General or other environmental liability clarification [682] - s. 292.55, Wis. Stats Explain your request below.
(6) all reports or investigations (e.g. Phase I and Phase II Environmental Assessments and/or Site Investigation Reports conducted under s. NR 716, Wis. Adm. Code) that identify areas of the property where a discharge has occurred.
(5) a description of the intended use of the property by the lease holder, with reference to the maps to indicate which areas will be used. Explain how the use will not interfere with any future investigation or cleanup at the property; and
(4) map(s) showing the property location and any suspected or known sources of contamination detected on the property;
(3) a description of the lease holder's association with any persons who have possession, control, or caused a discharge of a hazardous substance on the property;
(2) the name of the current owner of the property and the person who will lease the property;
(1) a copy of the proposed lease;
❖ Include a fee of \$700 for a single property, or \$1400 for multiple properties and the information listed below:
Lease liability clarification [646] - s. 292.55, Wis. Stats.

A letter of environmental liability clarification is being requested to provide reassurance that interested parties (i.e., buyer, seller, and RP for the remediation of historical petroleum contamination in the Winter Business Park) understand their responsibilities during the redevelopment of the southern-most four-acre section of Parcel I (Property) in the Winter Business Park, and also understand specific cleanup requirements for environmental concerns identified at the Property. The legal description of the referenced property is Section 16, Township 49N, Range 14W, Douglas County, Wisconsin.
