Subject: Mr. P's Tire - cost cap request - Milwaukee, WI (03-41-563586) (53208-4036-05)

Good afternoon Andy, we will be conducting the first round of gw sampling next week Monday October 30th. In preparing for this event I noticed that we left 3 temp wells (G-10, G-11, and G-12) in place as we could not get any groundwater recovery at the time of the Geoprobe Project. These three borings surround the former UST system and could potentially be valuable information.

We would like to request the following change order:

1GS05	3x\$72.45	= \$217.35
W4	3x\$30.35	= \$ 91.05
8WAB05	54'x\$2.52	= <u>\$136.08</u>
	Total	= \$444.48

Once sampled we can abandon these three temp wells. Any questions let me know.
Thanks,

Jason Powell
