Hi Paul,

I haven't heard back about the WDNR proceeding with sending the response letter out. Can you give the group an update?

Thank you.

Subject: Schaefer Brush WDNR Response to Supp SIR
Importance: High

Good Morning Paul,

I left a message for you yesterday, but wanted to follow up with an email. We submitted a *Supplemental Site Investigation Report & Remedial Action Plan* to the WDNR on May 31, 2019. The WDNR requested a meeting, but this hasn't been scheduled yet. In order for us to move this site towards closure, please email and mail the WDNR response to the report to the responsible party and myself. Please also continue to push the Vapor Intrusion Committee from Central Office to select a few potential meeting dates.

Thank you.
