Per Denise Danelski's letter from your office dated August 14, 2015, for the Allyn Property, 111 Steele St., Algoma, WI, BRRTS Activity#: 02-31-564071, we are submitting information due by Sept. 13, 2015.

We are currently retaining Omni Associates of Appleton, WI, as our environmental consultant. Don Brittnacher of Omni previously completed our Phase I & II studies and is presently preparing scope & specifications for the work plan for completing the investigation as required by NR 700.

We intend to send a Request for Proposal to perhaps three additional consultants for competitive bid proposals on the work plan and investigation. This process may take longer than the October 13, 2015, deadline specified in your letter.

Please refer any questions on this to the undersigned.

Harmon Allyn
