Don & Tauren - Sorry, I was on vacation last week. A-1 is finishing up the report and O&M manual now so I will forward it to you both as soon as I get it. This has taken longer than I expected but the system has been running continuously since June 22 so that's good. Thanks for your patience! Talk you you soon.

Tauren,

John Emery managed the vapor mitigation system installation. I have not received any report from him.

John, have you received the report, and if so, could Tauren and I receive copies? Thanks.

Don

Good afternoon Don,

How are things proceeding with the Allyn Property? As of the July 26, 2017 semi-annual report update, the vapor mitigation system was installed on June 22, 2017 by A-1 Vacuum & Radon. Have you received the

installation and communication testing report from A-1 to submit to DNR? Please let me know when you get a chance.

Thanks,

We are committed to service excellence.
