Subject: 117 Steel Street, Algoma - Vapor Sampling

Good Afternoon Andy,

My name is Chris Rogers, and I am with OMNNI Associates. It is my understanding that you have talked with Mr. Curtis Hedman with the Department of Health Services regarding the potential for sub-slab vapors at your property.

We would like to arrange the sampling for Friday, January 4, 2019. I am not sure how much information Curtis gave you, but we would likely need access for a few hours in the morning. Would this be acceptable for you?

If you have any questions, please feel free to give me a call at (920) 830-6331.

Thank you,
Chris
