Subject: Change of Project Manager Notification and Vapor Results Request
Allyn Property, 111 Steele St., Algoma, WI 54201
BRRTS Activity #: 03-31-564071

Dear Mr. Emery,

The Wisconsin Department of Natural Resources (DNR) is informing you of a change in project manager for the Allyn Property site. All future correspondence should be directed to the following:

Wisconsin Department of Natural Resources
Attn: Karen Campoli
2984 Shawano Ave
Green Bay, WI 54313-6727

On July 9, 2020, the DNR received a Status Update submitted by your consultant, Chris Rogers from OMNNI Associates. The Status Update included the most recent groundwater results collected on June 24, 2020. In the Site Investigation Work Plan submitted in February 2020, a vapor investigation was proposed to investigate utilities as a potential vapor pathway. The DNR is requesting the results of the vapor investigation. Once results have been received, further guidance will be provided for this site.

If you have any questions, please contact me at (920) 510-4349 or feel free to email me at karen.campoli@wisconsin.gov. I look forward to working with you.

Sincerely,

A handwritten signature in cursive script that reads 'Karen Campoli'.
