Subject: DNR VPLE Insurance

To participant in the VPLE program:

The insurance fees for sites in the Voluntary Party Liability Exemption (VPLE) program have increased slightly due to increased premiums. This insurance is required under Wis. Admin. Code ch. NR 754 and Wis. Stat. § 292.15(2)(ae)(3) for sites to receive a Certificate of Completion after they obtain closure with groundwater contamination that exceeds the state enforcement standards and is being remediated via natural attenuation.

The new fees are in effect until September 29, 2022. The form, process and use categories (commercial, light industrial, etc.) will remain the same. The DNR has a new insurance policy to provide this coverage with Ironshore Insurance Services. The new policy was needed because the previous policy, also with Ironshore, had expired. The fact sheet and current fee schedule are available here:

If you have any questions about your VPLE site, please work with your assigned DNR project manager. Any questions about the insurance requirement should be directed to Michael Prager, 608-225-7950, or michael.prager@wisconsin.gov.

We are committed to service excellence.
