Plymouth, WI 53073

Dear Mr. Feeney:

Good Morning. My wife and I own 906 S. Main St. in West Bend, WI. The property to the North of 910 S. Main St. , Konicek Enviromental Consulting LLC has been testing the properties for solvent contaminants for most of 2017. I have submitted the documentation to help identify DNR ID # 02-67-576350 case file. Please at your convenience review the file. I am not sure of, if any, determination has been made by your office as to the 906 property's issues caused by 910. Are there issues relevant to further action and or any necessary remediation to give our parcel a "clean certificate"?

Please give me a call with some direction as to what I need to know and do. I wish not to have my wife Margaret, our children contend with something I need to take care of.

Regards,

Gary Furger
