**Subject:** RE: NR 712 Signature Certifications for Hamilton Industries (Former) SI Report Submittal  
**Attachments:** BRRTS Activity #02-36-578316 Site Investigation Report Addendum 28Feb2019.pdf

Tauren,

Thanks for the opportunity to send that over - please see attached the certification page that should be included as part of the submitted dated 28 Feb 2019.

Please let us know if this meets the requirements,

David

**Subject:** NR 712 Signature Certifications for Hamilton Industries (Former) SI Report Submittal

Hi David,

I almost have the letter finalized for the above referenced site. We are supposed to check NR 712 signature requirements for submittals with fees. Since groundwater is evaluated, at a minimum, a Hydrogeologist is required to sign. I was going to put this in the letter, but I think it would be best to have you send a revised signature page with the NR 712 signature certification language and signature. Please refer to the DNR fact sheet ([RR-081](#)) for the NR 712 signature requirements and certification statements that are needed for the revised signature page. Please send the revised signature page to me via email.

If you have any questions, please feel free to contact me.

Thanks,

**We are committed to service excellence.**

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
