**Subject:** RE: Status Update Request for Hamilton Industries Site (Former), BRRTS # 02-36-578316

Thanks for the update David. I recalled in one of our previous phone conversations that it was planned to be submitted in approximately the first quarter of 2021, so was following up now since it is basically the end of the first quarter.

Tauren,

You must be telepathic. I'm reviewing the DRAFT ROAR now and it should be with you in April pending the various review processes.

David

Good afternoon David and John,

Please provide an update on when the report will be submitted for the soil, sub-slab vapor, and in-pipe utility vapor sampling that was completed in 2020, the additional soil and groundwater work that was completed as proposed in the June 2020 groundwater monitoring report, and the potential remedial action options evaluation as outlined in the June 2020 groundwater monitoring report.

Thanks,

**We are committed to service excellence.**
