Sounds good John, thanks for the update.

Have a nice holiday break and a happy new year,

We are committed to service excellence.

Tauren:

We will provide a letter/memorandum on the EC and soil sampling results during early-mid January.

Best Regards,

John

Tauren:

We have completed the planned EC field work and recently received the lab data. We will be performing the Q4 groundwater sampling the end of next week. I'll get with David on the timing of the report and get back to you.

Best Regards,

John

Good afternoon David,

Please provide a status update as to when you are going to be submitting the report documenting the groundwater and emerging contaminant sampling (Q3 of 2021) and soil sampling that was proposed in your September 2021 site investigation work plan.

Thanks,

We are committed to service excellence.
