Tauren,

ERM submitted the surface water and sediment evaluation last week to the WDNR. We are working on the other work plan items and expect to have them documented for review in the next couple months.

Regards,

David

EXTERNAL MESSAGE

Hi John,

I hope you had a nice holiday and new year's. In the semi-annual report received on January 23, 2023, it indicates the work was performed for the work proposed in the 8/30/2022 Site Investigation Work Plan Addendum II. I assume this work was completed prior to the end of 2022, so when will the reporting be submitted to the DNR for that work?

Thanks,

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
