Subject: Sanitary Sewer Line Inspection Report - Highland Plaza
Attachments: 170630_RotoRooter Summary and Invoice.pdf

Hi Binyoti, here's the sanitary sewer lateral inspection report for Highland Plaza. It shows that that Rotorooter ran a camera from inside the dry cleaner's sanitary sewer lateral to where it connects to a main line (about 150 feet east). They documented that the sewer lateral was 6 inch PVC pipe and in good condition. They also document that the drain in the boiler room connects to the above-noted lateral.

Don't hesitate to call if you have further questions.

Thank you,
Rob
