Matt,

Thanks for the update. The DNR approves extending the submittal deadline to 2/5/21.

We are committed to service excellence.

Subject: Submittal Extension

John,

The Superior Refinery is requesting an extension to the submittal deadline for the following documents:

- **Site Investigation Report** for the PFAS soil phase of the ongoing NR700 site investigation
 - This is due 1/27/21 based on receipt of the last laboratory analytical report
- **Interim Action Report** for the 4/26/2018 Superior Refinery Fire
- **Site Investigation Work Plan** for the groundwater phase of the ongoing NR700 site investigation

SRC intends to submit these documents to WDNR at the same time and is requesting the current 1/27/21 submittal deadline be extended to 2/5/21.

Thanks

Matt Turner
