In accordance with Section XIV, Paragraph 44.b., of the amended consent decree, the U.S. Environmental Protection Agency and Wisconsin Department of Natural Resources approve the *Remedial Action Certification of Completion Report, Lower Fox River Operable Unit 1*, dated November 2010. This certification of completion, however, recognizes that the Settling Defendants will continue to maintain and enhance site landscaping, as provided in Section 3.3.4 of the report, to ensure the establishment of grasses and shrubs planted in 2010.

Please contact James Hahnenberg at 312-353-4213 if you have any questions or concerns.

Sincerely,
