**Attachments:** FYR 4th Initiation Letter.pdf

Tauren,

Attached is EPA's letter notifying WDNR that we are initiating the Fourth Five-Year Review at the Fox River Superfund site. I'll keep you posted on progress and let you know if I need help in the future.

Thanks

RE: Fox River NRDA/PCB Releases Superfund Site Fourth Five-Year Review

Dear Mr. Beggs:

The United States Environmental Protection Agency (EPA) is initiating the fourth five-year Review (FYR) for the Fox River NRDA/PCB Releases Superfund Site. EPA will be working with the Wisconsin Department of Natural Resources (WDNR) to obtain information regarding various operable units at the Site and will seek WDNR's participation in site inspections as well as aid in resolving any outstanding issues from the third FYR. WDNR will be provided a copy of the draft FYR report for review, and EPA anticipates reviewing those comments for consideration before finalizing the document no later than November 25, 2024, when the report is due. Note, however, that EPA will be making every effort to complete the FYR report prior to November 2024 regarding this matter.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

A handwritten signature in cursive script that reads "James Saric".
