Subject: BRRTS #02-41-583465 Cristo Rey Jesuit High School - Historical Fill Closure Revisions

Hi Jim,

As a follow-up to our call, these items are needed to complete the Cristo Rey closure packet:

- Page 1 – check the box that the RP is the owner.
- Page 3 – 2.B.i. stating that groundwater was encountered conflicts with 2.B.iii. that groundwater was not encountered. Revise 2.B.i.
- Cross-Section – showing depth to groundwater conflicts with statements that groundwater was not encountered. Revise as groundwater was not encountered during the SI.
- F.2. certified survey map has a red and green box that is not identified and does not appear to be part of the map. Explain or remove. Is there a current certified survey map?
- Figure B.1.b. needs to have the RCL lines and parcel ID number added, per instructions.

You can email me the final documents directly, each as separate pdfs. You can send me the individual form pages with revisions as long as it doesn't change the page break. The closure letter will be finalized when I have these final revisions.

Thank you!
Linda
