Hi Pete, as we discussed today, the site is progressing to a case closure request. We're hopeful that will be in the very near future. Groundwater results look good and there is an operating vapor mitigation system running.

Hi Matt,

I left you a voicemail earlier today. I am following up on prior correspondence requesting a site update. Please provide me with a short report (one or two pages) outlining the status of the site and the progress of the site investigation.

Thanks,

Pete Raymond
