Re: Information request for #7 Well contamination

We purchased our property 3340 Airport Rd approximately 32 years ago, from Henry Wiedeman. It was wooded and vacant when we bought it.

We built our home and garage. It has been our residence and we have owned a towing service and crane service.

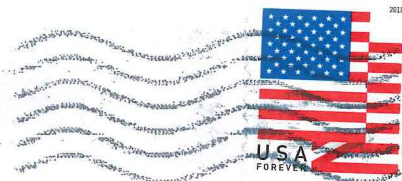

There has not been any manufacturing on the property. We have not used or stored any PFAS compounds / chemicals. There have been no hazardous spills or water contamination on this property.

Sincerely,
Richard & Norma Schmitz
