Aaron,

Thanks for your time on our call today. We can waive the 30 day period so that the no further action letters can be sent out. Please send a copy of the letter to my email address.

As discussed, we are repairing a portion of the parking lot next week. The repair will not require the removal of soil from the property.

Thanks again,

Kean

Hi Kean,

This email is to request an update on the Merrill, WI property. Have you had a chance to review the site documents? Do you need the additional time to review? If there are no objections you can waive the remainder of the 30-day waiting period and the ERP site will be officially closed. If you would like to discuss further, I am in the office between 9am-5pm (Central Time) all week.

Thanks,

We are committed to service excellence.

Hi Kean,

The Closure Packet Form-Attachments A-G, is attached as a zip file. The entire closure packet was too large to send in 1 email.

We are committed to service excellence.

Hi Kean,

As per our discussion on Thursday August 13, 2020, I have attached the Case Closure Form for the Environmental Repair Property (ERP). I have also attached "The Barrier Maintenance Plan" that requires the asphalt cover to be maintained to prevent the direct contact of any residual contamination present on the property.
