Subject: State Acknowledgement Letter for City of Manitowoc
FY24 EPA Community Wide Assessment Grant

Dear Adam Tegan,

The Wisconsin Department of Natural Resources (DNR) acknowledges the application of the city of Manitowoc (the City) for the U.S. Environmental Protection Agency (EPA) brownfield grant identified above.

The DNR is fully committed to a collaborative partnership with the City and is able to support your brownfield assessment and remediation efforts in many ways, including:

- The DNR can identify key state and federal contacts for your specific project and coordinate Green Team meetings with individuals in your community to answer questions and discuss local plans, options and best practices.
- The DNR can assist you in identifying and obtaining additional financial assistance from state-managed grant and loan programs.

Obtaining U.S. EPA funding for this grant application is consistent with community needs, is vital to the local economy and will help bring needed improvements to the quality of life for residents. Federal funding will also help initiate cleanup activities, create jobs and leverage local investments in brownfield redevelopment.

Sincerely,

Christine Sieger
