Subject: Donaldsons Cleaners (former) -E Edgewood Dr - BRRTS Activity #02-45-586961 - Notifications

Hello Kirk,

Moving forward with this case, I would like to touch on a couple of outstanding items. I haven't received notice that tenants located at the Property have been notified of previous sampling results. I just wanted to point out that if sample data has not yet been shared with your tenants that this is a requirement.

Sampling results must be sent to the DNR and property owner(s), including owners of off-site properties from which samples have been collected, within 10 days of receipt (Wis. Admin. Code § NR 716.14).

Please send a list of tenants currently occupying the Property so that we have an accurate account for notification purposes.

Regards,

We are committed to service excellence.
