Dear Ms. Krueger:

In correspondence dated June 22, 2021, the Wisconsin Department of Natural Resources (WDNR) requested Tecumseh Products Company LLP (Tecumseh) to revise and re-submit the above-referenced plans on or before August 21, 2022.

As you are aware, we have since scheduled a follow up on July 11, 2022, with WDNR to review, discuss, and clarify the requested revisions. As such, and with consideration of the previous review period, the number of plans, upcoming vacation and holiday schedules, and other project deliverables and priorities, on behalf of Tecumseh, we are requesting that WDNR grant an extension until September 30, 2022, to address the comments and submit the revised plans.

Thank you for your timely consideration of this request.

Please do not hesitate to contact me should you have any questions or comments.

Sincerely,

TRC Environmental Corporation

Chris Harvey, P.E.
